President and Members of the Board of Education
and Citizens of Rockford Public School District No. 205
Rockford, Illinois

We are pleased to submit the Annual Comprehensive Financial Report (ACFR) of Rockford Public Schools District No. 205 (the District), Rockford, Illinois, as of and for the year ended June 30, 2023. The audit was completed and the Independent Auditor's Report issued on November 14, 2023.

Management Responsibilities

Management of the District is responsible for establishing and maintaining a comprehensive framework of internal control to provide a reasonable basis for asserting that the financial statements are fairly presented and to ensure that adequate accounting data is properly recorded to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The information contained in this report is based on the comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Responsibility for the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the District. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the District as shown by the disclosure of all financial activity of its various funds; and that all disclosures, necessary for public understanding of the District's financial status, have been incorporated within this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Financial Reporting and Budgetary Controls

The ACFR includes all funds of the District and is presented in three sections: Introductory, Financial, and Statistical. The Introductory Section includes this transmittal letter, the District's Principal Officials and Organizational Chart, and recognitions for financial reporting. The Financial Section includes the Independent Auditor's Report on the financial statements. The Management's Discussion and Analysis (MD&A) is immediately following the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements.

The remainder of the Financial Section contains the audited, basic financial statements including notes to the financial statements, required and other supplemental information such as the combining and individual fund financial statements and schedules. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis.

As a recipient of federal and state financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management. The internal controls are also tested on an annual basis by the outside independent accounting firm selected by the Board of Education. Periodically, the Illinois State Board of Education will also perform routine reviews of the District's internal control structures. No audits resulted in repayment of any state or federal monies for the year ended June 30, 2023.

Independent Audit

The School Code of Illinois and the District require an annual audit of the financial statements of all funds of the District by an independent certified public accountant in conformance with prescribed standards and legal requirements. Because the District receives more than \$750,000 of federal awards, the District is also subject to and required to have what is commonly referred to as a "Single Audit" of the federal awards. Single Audits cover the entire organization's financial operations and are substantially more detailed than a regular independent audit.

The certified public accountant is selected by the Board of Education. The Board selected Baker Tilly US, LLP, independent certified public accountants. Baker Tilly US, LLP has issued an unmodified ("clean") opinion on the District's financial statements for the year ended June 30, 2023 and has also conducted the Single Audit of federal awards as required by Federal regulations. The audit report has been included in the financial section of this report and the submission of the ACFR is intended to meet these annual audit requirements.

DISTRICT PROFILE

Legal Autonomy and Fiscal Independence

The Rockford Public School District is organized under the School Code of the State of Illinois, as amended. The District exists as a legal entity deriving its just powers from the General Assembly of the State of Illinois through the State Board of Education for the purpose of providing a system of free public education. The District constitutes a body politic and corporate with all powers as prescribed by laws including, but not limited to, the power to sue and be sued, purchase, hold and sell personal property and real estate, and enter into such obligations as are authorized or implied by law. It has the statutory authority to adopt its own budget, levy taxes and issue bonded debt without the approval of another government and it is not considered a component unit of any other entity.

The legal authority of the Board of Education is transmitted through the superintendent or designee along specific paths from person to person as shown in the Board-approved organizational chart of the District. The lines of authority on the organizational chart (page ii) represent direction of authority and responsibility. The Board of Education expects the superintendent or designee to keep the administrative structure up-to-date with the need for supervision and accountability throughout the school district.

Reporting Entity and Its Services

The Rockford Public School District covers about 155 square miles (401 km²) and served 27,744 students in the 2022-23 school year. It is among the largest school districts in the State of Illinois, with 21 elementary schools, 6 middle schools, 5 high schools (Roosevelt, Jefferson, Guilford, East, and Auburn), 5 special program schools, 4 early childhood centers (Summerdale, Fairview, Beyer and Nashold). The District is primarily in Winnebago County with a small section in Boone County. The District serves the communities of Rockford, Loves Park, Machesney Park, Cherry Valley, New Milford, Argyle, Roscoe, Caledonia and many outlying unincorporated areas. The District has board approved Charter School Agreements with three charter schools (Jackson, Legacy and Galapagos). The District provides funding to the charter schools by providing Per Capita Tuition Charge (PCTC) per each enrolled charter school student. School Code and Illinois State Board of Education dictate the PCTC calculation parameters. The PCTC rate used for FY23 was \$13,464.36.

The District's 3,689 full-time equivalent employees (1,729 teachers, 350 certified support, 1,403 non-certified staff, and 207 administrators) served 27,744 students for the 2022-2023 school year, with expenditures totaling \$654.9 million.

The governing body consists of a seven-member Board of Education elected from within seven sub-district boundaries. School Board seats are divided into two lots of four seats to run for election for terms of 2 years or 4 years and the entire Board will be up for re-election every 10 years to coincide with the decennial census. The Superintendent and staff administer day-to-day operations.

ECONOMIC CONDITION

Economic Condition and Outlook

The local economy is diversified with advanced manufacturing, aerospace, automotive and health care as its primary base, while logistics, call center/office operations, distribution centers and educational institutions have become more important to the economy in recent years. While the Rockford Region is home to large operations such as: Stellantis, Woodward Inc., Lowes, Supplycore, General Mills, Mercy Health System, University of Wisconsin Health System, OSF Healthcare, Amazon, FedEx, United Parcel Service, and Collins Aerospace Systems, the heart of the business community is driven by the large number of small and medium sized home grown entrepreneurial companies. Coupled with the Rockford Airport, which is the 14th largest freight/logistics airfield in the country, the community will benefit from increased specialized manufacturing and logistics activity in the years to come.

The region has a highly skilled workforce and pre-pandemic unemployment was consistently at a rate below 5%. The regional economy has essentially recovered from pandemic highs of greater than 20% unemployment to a rate of approximately 6.5%. The regional unemployment rate is unduly impacted by the sustained shutdown of the Stellantis (Chrysler) auto plant in Belvidere. Despite the Stellantis shutdown, the economic outlook for the region remains positive.

The District boundaries span both Winnebago and Boone Counties with over 99% of its equalized assessed valuation being located within Winnebago County. Evidence Based Funding (EBF) is the District's single largest revenue source at \$177,016,876 in FY23. Combined with Mandated Categorical payments from the State, the State of Illinois contributes approximately 56.3% of the District's funding. Local property tax revenue is the district's second largest revenue source at \$156,563,513 for FY23 and federal grant funds at \$127,757,304 was the District's third largest revenue source. Federal funding in FY23 was largely impacted by COVID stimulus funds in the amount of \$65,118,679.

The State of Illinois, despite recent financial highlights, remains in financial difficulty because of chronic underfunding of The State Teachers Retirement System pension obligation. There have been a number of proposals to shift the unfunded pension cost to local school districts but at this time no firm plan is in place to shift the State's obligation. The State's share of pension payments, known as "on behalf payments", for the District were \$90,800,376 in FY23.

As noted above, a large share of the District's revenues are sourced from local property taxes. The property tax base is derived from the Equalized Assessed Valuation (EAV) of the property within the District's boundaries. District property values peaked at \$2,848,246,719 in tax year 2008 and declined each year thereafter until hitting a low of \$1,960,780,052 in tax year 2015. The EAV over the last seven tax years has increased and the most recent EAV, 2022 tax year, is \$2,733,448,300 which is an increase over the prior year of 9.1%. Property tax revenue has essentially remained flat as the Board has made a decision not to levy additional monies. EBF funding from the State has made up for not levying CPI. Within the past ten years CPI peaked at 9.1 percent in 2022 and hit a low of 0.7 percent in 2015. The last six months of the FY23 fiscal year saw inflation average 7.71% on an annualized basis.

Long-term financial planning

The District continues to review all expenditures to assure that the district is making efficient and fiscally responsible decisions. The District regularly updates rolling five-year projections to identify any trends that would require changes in District practices. The District earned the State Board of Education's top financial profile rating called "financial recognition" in fiscal year 2022 for the seventh consecutive year.

During this same time period the District's General Fund balance has increased from \$89,963,394 in fiscal year 2014 to \$184,398,803 in fiscal year 2023. Over the next five years management will continue to strive to maintain a minimum fund balance of 25% of annual operating fund expenditures in the operating funds. In November 2022, the District completed an advanced refunding of several debt issues that were originally issued April 3, 2013, with the express purpose of improving interest rates and smoothing out the debt service payments over the next several years. The advanced refunding resulted in more than \$6 million dollars of savings to taxpayers. As of June 30, 2023, the District's net general bonded debt was \$143,000,000. Management will continue to identify and recommend solutions for maintaining a responsible level of debt while addressing the District's capital project needs. Management fully anticipates the outstanding debt will continue to decline in future years.

Current and Projected Enrollment

The District had 27,744 students enrolled during FY 23, which was a slight increase over FY22. The racial makeup of the student population in FY23 was 26.7% White, 31.3% African American, 30.3% Hispanic, 4.1% Asian/Pacific Islander, 0.2% American Indian, and 7.5% multi-racial. The District qualifies for the Community Eligibility Provision Program, a free meal program administered by the United States Department of Agriculture. All students are eligible for no cost meals at school each day.

The District engaged RSP Associates to update enrollment projections during FY23. Projections for the next two fiscal years appear to be relatively stable, with enrollment declining by only several hundred students each year. The decline is mainly due to attrition as larger upper grade levels and smaller lower grade levels matriculate through the years. Birth rates have stabilized over the last couple of years and there has recently been positive migration into the District's boundaries.

Age of School Buildings

The District recently completed a 10 year facilities master plan that reduced the average age of the school buildings from 57 years to 50 years. The \$285,000,000 plan included building two new schools, additions to 22 schools and extensive renovations, including updating mechanical systems (HVAC, plumbing, electrical, etc.), replacing and repairing exterior building components (glazing, tuckpointing, etc.), cosmetic refreshes (painting, etc.) and demolition of obsolete buildings.

In addition to the 10 year master plan work, the District is completing extensive renovations on mechanical systems throughout the District using approximately \$157,000,000 of COVID relief funds. Once complete, every building within the District will have airconditioning and other modern mechanical systems. While the average age of the building themselves will not change, the average age of the mechanical systems will be significantly reduced. It is expected that the COVID relief funds projects will be completed by the fall of 2024.

Simultaneously with the COVID relief funds work, the District has begun meeting with teachers, students and internal/external stakeholders regarding a new five year facility master planning effort. Demographic data for all buildings will be updated for all the work that has been completed since 2012 and new priorities will be set. Data is already beginning to be collected for this effort. The District has also contracted with FLO Analytics to analyze student movement and migration patterns to assist with the five year facility master plan.

Relevant Financial Policies and Procedures

The District's budget serves as the guide to direct and control expenditures and is the spending plan for the ensuing fiscal year. Budgetary control is maintained at line-item levels and built up into location, department, and program totals before being combined to create fund totals. Actual operating activity is compared to budget and is reported to the District's Administrative team and to the Board of Education monthly. The reports compare year-to-date activity versus budget and prior year actual. Full disclosures are made if extraordinary variances appear during the year. The Board of Education has a balanced budget policy and each year strives to reach this goal.

The Board of Education (the Board) adopts the annual budget (September 2022), subsequent to a public hearing and prior to filing the annual tax levy. The Board recognizes the right of the public to be informed about the budgeting of public tax monies and therefore made the budget available for public examination at least thirty days prior to the final adoption as set forth in the Illinois School Code. The Superintendent or designee posted the District's final budget,

itemized by receipts and expenditures, on the District's official website, and notified parents or guardians of the budget's posting and provided the website's address. The Board may amend the budget by the same procedures that adhere to the original budget adoption when transfers exceed the ten percent limitations. The Board may also authorize the treasurer to make loans, interfund transfers, and transfer within funds from the Operations and Maintenance Fund, Educational Fund, Transportation Fund, and/or Working Cash Fund in accordance with the Illinois School Code.

Operational Services Board Fund Balance Policy states the District will target a fund balance percentage of not less than 25%, representing approximately three months of operating expenses.

Vision and Strategic Goals

Rockford Public School District's vision is to be the first choice for all families. The District implemented a Strategic Plan for the 2015-2016 school year and updated that plan during the 2021-22 school year to sharpen the focus of the original plan. The ultimate outcome of this sharpened focus was to eliminate predictable outcomes based on a student's zip code. The focused plan identifies four universal goals for the succeeding three-year period.

- **Goal One – Third Grade Literacy**
The focus of Goal 1 is to grow third grade literacy scores by five percentage points by 2024.
- **Goal Two – Third Grade Math**
The focus of Goal 2 is to grow third grade math scores by five percentage points by 2024.
- **Goal Three – Middle School On-Track**
The focus of Goal 3 is to grow the middle school on-track rate by five percentage points by 2024.
- **Goal Four – Freshman On-Track and High School Graduation**
The focus of Goal 4 is to grow the freshman on-track rate and high school graduation rate to seventy-five percentage points by 2024.

The refocused plan continues to represent the vision of our community and the scores of community members, local leaders and staff that developed the original plan. This updated plan will guide both Board members and District staff over the next three years as we work together with students, families and the community at large to meet these four highly focused goals.

Core Academic and Support Services

The District provides the following services on a continuing basis.

- Core Curriculum – Instruction in core curricular areas, such as math, reading, sciences, social sciences and writing, starting in pre-kindergarten through grade 12.
- Alternative Education Programs – We provide a variety of structures and environments so that each student can find a learning venue that is sufficiently comfortable to facilitate success.

- Guidance Counseling – All students receive the support of a comprehensive counseling program that inspires and empowers them to make decisions, set future goals and then actively pursue them.
- Special Education – We provide curriculum aligned to the national standards, make decisions based on performance data and focus on the unique needs of students with disabilities to ensure they leave school well prepared for continued learning and successful employment.
- English Language Learner Education – We provide transitional support services at buildings that need this programming and also offer dual language Immersion programming at select buildings.
- Choice Curriculum – We offer specialized programs of study for students who are gifted or talented or who have interests and/or abilities in creative and performing arts, environmental science and various branches of career education.

Awards and Acknowledgements

The District was the recipient of Association of School Business Officials (ASBO) International *Certificate of Excellence in Financial Reporting Award* last fiscal year, having been a recipient of this reward for twelve of the past thirteen years. The District received the Government Finance Officers Association *Certificate of Achievement for Excellence in Financial Reporting* award for last fiscal year. The District has received the award for the past six consecutive years. In addition, these awards reflect the District's commitment to the highest standards of school system financial reporting.

The preparation of this report could not have been accomplished without the support and cooperation of elected members of the Board, other District departments, and dedicated efforts of the entire staff of the Finance Department. We truly appreciate the efforts of all the contributors to this report.

Respectfully Submitted,

Dr. Ehren Jarrett

FINANCIAL

SECTION

AS OF/FOR THE YEAR
ENDED **JUNE 30, 2023**

Independent Auditors' Report

To the Board of Education of
Rockford Public Schools District No. 205

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Rockford Public Schools District No. 205 (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the District as of June 30, 2023 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

The image shows a handwritten signature in black ink that reads "Baker Tilly US, LLP". The signature is written in a cursive, flowing style.

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

The discussion and analysis of Rockford Public Schools, District 205's (the "District") financial performance provides an overall review of the District's financial activities for the year ended June 30, 2023. The management of the District encourages readers to consider the information presented herein in conjunction with the basic financial statements to enhance one's understanding of the District's financial performance. Certain comparative information between the current year and the prior year is required to be presented in the Management's Discussion and Analysis (the "MD&A").

Financial Highlights

- > With total assets and deferred outflows of \$866.3 million and total liabilities and deferred inflows of \$625.5 million the District's total net position was \$240.8 million at fiscal year-end June 30, 2023. Of this amount approximately \$194.9 million represents the District's net investment in capital assets, \$98.3 million was held for restricted purposes and negative \$52.4 million is classified as unrestricted.
- > Total revenues increased \$70.5 million from \$586.2 million in fiscal year 2022 to \$656.7 million in fiscal year 2023 and expenses increased \$13.7 million from \$506.2 million in fiscal year 2022 to \$519.9 million resulting in a positive change in net position of \$136.8 million.
- > Governmental funds ending fund balance increased from \$271.8 million in fiscal year 2022 to \$291.9 million in fiscal year 2023, an increase of \$20 million.
- > At the end of the current fiscal year fund balance for the General Fund was \$184.4 million or 38.8% of total General Fund expenditures. In comparison, the prior year's fund balance was \$169.6 million or 38.7% of General Fund expenditures.
- > Governmental activities long-term obligations (excluding claims and judgments, compensated absences, early retirement incentives, other post-employment benefits, and net pension liabilities) totaled \$173 million at the end of the current fiscal year compared to \$180.5 million at the end of the previous year, which represents a decrease of \$7.5 million or 4.2%.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The basic financial statements are comprised of three components:

- > Government-wide financial statements,
- > Fund financial statements, and
- > Notes to basic financial statements.

This report also contains other supplementary information in addition to the basic financial statements.

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business, and are reported using the accrual basis of accounting and economic resources measurement focus.

The statement of net position presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the fiscal year being reported. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements can be divided into two types of activities: governmental and business-type. Governmental activities represent the functions of the District that are principally supported by taxes and intergovernmental revenues. The District's governmental activities include functions such as instructional services (regular education, special education and other), supporting services, operation and maintenance of facilities, and transportation services. The District participates in the Community Eligibility Provision (CEP) program for food service, therefore no business-type activities are presented.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds and fund types of the District can be divided into the following categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements and are reported using the modified accrual basis of accounting and current financial resources measurement focus. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

The District maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, which includes the Working Cash Accounts, Operations and Maintenance Fund, Transportation Fund, Municipal Retirement/Social Security Fund, Debt Service Fund, Capital Projects Fund, Fire Prevention and Safety Fund and Tort Immunity Fund.

The District adopts an annual budget for each of the funds listed above. A budgetary comparison schedule has been provided for each fund to demonstrate compliance with this budget.

Proprietary funds

Proprietary funds are used to account for the District's ongoing operations and activities, which are similar to those found in the private sector. The measurement focus is based upon the determination of net income. The District has one proprietary fund, an internal service fund, which accounts for the District's self-insured health plan.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support District programs. The accounting used for fiduciary funds is full accrual. These activities are excluded from the government-wide financial statements because the District cannot use these funds to finance operations.

Notes to basic financial statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's contributions and funding progress of the Illinois Municipal Retirement Fund, Teachers' Retirement System, Teachers' Health Insurance Security Fund and the Retiree Health Plan, as well as budget-to-actual comparisons of the funds.

Government-Wide Financial Analysis

Net Position: The District's total net position increased in 2023 by \$136.8 million from \$104 million to \$240.8 million at the end of 2023. This increase is due to increases in Federal Aid related to COVID funding. The following provides a summary of the District's net position (in millions of dollars) at June 30, 2023 and 2022.

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

The total cost of all governmental programs and services was approximately \$519.9 million for the year ended June 30, 2023, an increase in costs from the prior year of approximately \$13.7 million or 2.7%. The District's expenses are predominantly related to instruction and other pupil services such as transportation and nutrition, aggregating approximately 75% in total. The remaining 25% consists of general administration activities at 14%, operation and maintenance at 7%, the remaining 4% in other expenses.

The following provides a summary of the District's changes in net position (in millions of dollars) for the years ended June 30, 2023 and June 30, 2022:

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

Governmental Activities

Property taxes were approximately the same in 2023 as in 2022 due to the District's commitment to keep the tax levy flat by not including the allowable Consumer Price Index increase. Revenue received by the State under Evidence Based Funding and Corporate Property Replacement Tax increased by \$7.2 and \$8.7 million, respectively in 2023.

Taxes accounted for the largest portion of the District's revenues contributing 35%. Operating grants and contributions were the second largest at 35% and Evidence Based Funding was the third largest source of revenue at 27%.

Governmental Revenues by Source (in millions of dollars)

Property Taxes	\$156.6
CPPRT	75.4
Operating grants and contributions	234.3
Capital grants and contributions	1.1
Evidence Based Funding	177.0
Other	7.5
Charges for services	4.8
Total governmental revenues by source	<u>\$656.7</u>

The total cost of all the District programs was \$519.9 million, mainly related to instructing and caring for students. The table below presents the cost (in millions of dollars) of six major District activities: instruction, pupil and instructional services, general administration, maintenance and operations, transportation, and other for the governmental activities.

Governmental Expenses by Function (in millions of dollars)

Instruction	\$306.5
Pupil and Instructional Services	52.1
General Administration	70.6
Maintenance and Operations	37.2
Transportation	32.5
Other	21.0
Total governmental expenses by source	<u>\$519.9</u>

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

The cost of all governmental activities this year was \$519.9 million. Individuals who directly participated or benefited from a program paid for \$4.8 million of the costs through fees. Federal and state governments subsidized certain programs with grants of \$235.4 million. The remaining cost of services was financed by District taxpayers through property taxes and Corporate Personal Property Replacement Taxes totaling approximately \$232 million and other state grants which are not restricted to specific programs of approximately \$177 million.

Financial Analysis of the District's Funds

The financial performance of the District is also reflected in its governmental funds throughout the fund financial statements. The District completed the year with a total governmental net change in fund balance of \$20 million, a decrease of \$22 million from the prior year's total governmental net change in fund balance of \$42 million. The decrease is due to increased construction expenditures related to COVID projects funded with federal aid and the timing difference of receipts from the federal government.

The General Fund, which includes the Educational Accounts, Special Education Accounts, Grant Accounts, Food Service Accounts, and Working Cash Accounts, is the fund that is available for instruction and meals for our students. The General Fund had an increase in fund balance of \$14.8 million for the year ended June 30, 2023 primarily due to \$9 million dollar increase in investment income and increased allocation of CPPRT dollars to the General Fund in 2023 versus the prior year.

The Transportation Fund is the fund that provides student transportation. It had a fund balance decrease of \$.5 million for the year ended June 30, 2023, largely related to more buses purchased in 2023 versus 2022.

The Capital Projects Fund is the fund used to account for the acquisition and/or construction of, and/or additions to, major capital facilities. The fund balance decreased \$0.5 million for the year ended June 30, 2023. The majority of the Capital Projects during fiscal year 2023 were grant funded through COVID-19 relief funds - ESSER (Elementary and Secondary School Emergency Relief) II/ARP (American Rescue Plan) – ESSER and CPPRT. The decrease in the fund balance is mainly related to the timing of expenses and reimbursement from the grant.

The Debt Service Fund is the fund which accounts for the financial resources used for payment of principal and interest on long-term general obligation/capital appreciation debt of the governmental funds. The fund balance increased \$0.3 million solely due to an increase in Property tax allocation to cover future sinking bond fund requirements.

General Fund Budgetary Highlights

The District approved the original budget for fiscal year 2023 in September 2022. Revenues were lower than budgeted by \$11.1 million while expenditures were lower than budgeted by \$18.3 million. The following schedule presents the general fund summary of revenues and expenses with budgetary comparisons.

Rockford Public Schools, District 205

Management's Discussion and Analysis (Unaudited)

As of and For the Year Ended June 30, 2023

Many items contributed to the revenue and expenditure variances, including:

- > Teachers' Retirement System State on behalf payments for revenues and expenditures were more than budgeted by \$16.8 million, due to changes in actuary valuations. This change has no effect on fund balance as the revenues and expenditures are equal;
- > Salaries and benefits were lower than budget by \$16.5 million due to staff vacancies.

Capital Assets and Debt Administration

Capital assets

At the end of fiscal year 2023, the District had total investments of \$611.6 million (\$348.8 million net of accumulated depreciation) in a broad range of capital assets including buildings, land and equipment. Total depreciation expense for the year was \$19.5 million. More detailed information about capital assets can be found in Note 5 of the basic financial statements.

Table 4			
Capital Assets (net of depreciation)			
(in millions of dollars)			
	<u>Governmental Activities</u>		
	<u>2023</u>	<u>2022</u>	<u>Change</u>

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

Reconciliation of Governmental Funds Balance Sheet to Statement of Net Position As of June 30, 2023

Total fund balances - governmental funds	\$ 291,863,893
Amounts reported for governmental activities in the Statement of Net Position are different because:	
Net capital assets used in governmental activities and included in the Statement of Net Position do not require the expenditure of financial resources and, therefore, are not reported in the Governmental Funds Balance Sheet.	348,811,108
Certain revenues receivable by the District and recognized in the Statement of Net Position do not provide current financial resources and are included as deferred inflows of resources in the Governmental Funds Balance Sheet.	49,748
Deferred outflows of resources related to pensions and OPEB do not relate to current financial resources and are not reported in the governmental funds.	
Deferred outflows related to pensions - IMRF	24,820,488
Deferred outflows related to pensions - TRS	2,559,698
Deferred outflows related to OPEB - THIS	7,955,380
Deferred outflows related to OPEB - RPS Plan	3,724,798
Interest on long-term liabilities accrued in the Statement of Net Position will not be paid with current financial resources and, therefore, is not recognized in the Governmental Funds Balance Sheet.	(1,953,177)
Long-term liabilities applicable to the District's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. All liabilities, both current and long-term, are reported in the Statement of Net Position.	
General obligation bonds	(131,320,000)
Capital appreciation bonds	(32,214,093)
Unamortized bond premium	(9,512,658)
Worker's compensation claims payable	(2,718,098)
Early retirement incentive payable	(637,741)
Compensated absences	(1,897,518)
Net pension asset - IMRF	(15,485,330)
Net pension liability - TRS	(14,413,900)
Net OPEB liability - THIS	(43,631,583)
Total OPEB liability - RPS Plan	(32,584,207)
Deferred inflows of resources related to pensions and OPEB do not relate to current financial resources and are not reported in the governmental funds.	
Deferred inflows related to pensions - TRS	(5,372,726)
Deferred inflows related to OPEB - THIS	(147,354,845)
Deferred inflows related to OPEB - RPS Plan	(13,303,709)
Internal services funds are reported in the Statement of Net Position as governmental activities.	<u>13,421,064</u>
Net position of governmental activities	<u>\$ 240,806,592</u>

See accompanying notes to financial statements.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended June 30, 2023

Net change in total governmental fund balances	\$ 20,054,644
--	---------------

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report purchases of capital assets as expenditures while governmental
activities report depreciation expense to allocate those expenditures over the life of the assets.

Capital expenditures	90,459,689
Depreciation	(19,530,678)
Net book value of assets retired	(26,207)

Receivables not currently available are reported as revenue when collected or currently
available in the fund financial statements but are recognized as revenue when earned in the
government-wide financial statements.

(11,566)

Some expenses in the statement of activities do not require the use of current financial resources
and, therefore, are not reported as expenditures in the governmental funds.

Interest payable	(84,111)
Worker's compensation claims payable	(512,310)
Early retirement incentive payable	196,150
Compensated absences	(12,744)
State on-behalf contribution revenue	(19,853,559)
State on-behalf contribution expense	19,853,559
Net pension asset/liability - IMRF	(63,110,146)
Deferred outflows related to pensions - IMRF	21,278,728
Deferred inflows related to pensions - IMRF	37,691,699
Net pension liability - TRS	249,217
Deferred outflows related to pensions - TRS	495,268
Deferred inflows related to pensions - TRS	7,738,594
Net OPEB liability - THIS	99,603,038
Deferred outflows related to OPEB - THIS	(2,595,932)
Deferred inflows related to OPEB - THIS	(76,136,515)
Total OPEB liability - RPS	(2,431,082)
Deferred outflows related to OPEB - RPS	1,543,011
Deferred inflows related to OPEB - RPS	4,038,882

The accretion of long-term debt provides current financial resources to the governmental funds,
while principal repayment consumes current financial resources of the governmental funds.
Neither transaction, however, has any effect on net position.

Principal paid	9,815,000
Accretion on bonds outstanding	(1,530,168)

Governmental funds report the effects of premiums, discounts and similar items when the debt
is issued. However, these amounts are deferred and amortized in the Statement of Activities.

Amortization of bond premium	545,722
------------------------------	---------

The issuance of long-term debt and related premiums are reported as other financing
sources in the governmental funds, but issuance increases long-term liabilities in the
Statement of Net Position.

Bonds issued	(59,330,000)
Bonds refunded	66,790,000
Premiums on bonds issued	(8,856,791)

Internal service funds are used by management to charge self insurance costs
to individual funds. The change in net position of the internal service fund is reported
with governmental activities.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Rockford Public Schools District No. 205 (the "District") operates as a public school system governed by a seven-member board. The District is organized under the School Code of the State of Illinois, as amended. The accounting policies of the District conform to the accounting principles generally accepted in the United States of America, as applicable to local governmental units of this type. The following is a summary of the more significant accounting policies of the District:

Reporting Entity

This report includes all of the funds of the District. The reporting entity for the District consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The District has not identified any organizations that meet this criteria.

Basis of Presentation

Government-Wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. The District's operating activities are all considered "governmental activities", that is, activities normally supported by taxes and intergovernmental revenues. The District has no operating activities that would be considered "business activities".

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) amounts paid by the recipient of goods or services offered by the program and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Governmental Funds Financial Statements

Governmental funds financial statements are organized and operated on the basis of funds and are used to account for the District's general governmental activities. Fund accounting segregates funds according to their intended purpose, and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, fund balance, revenues and expenditures. The minimum number of funds is maintained consistent with legal and managerial requirements.

Separate financial statements are provided for all governmental funds, proprietary funds, and fiduciary funds; the fiduciary funds are excluded from the government-wide financial statements.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Measurement Focus and Basis of Accounting

The government-wide financial statements and fiduciary fund statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are earned.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both "measurable and available". "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers all revenues available if they are collected within 60 days after year-end. Grants and similar items are recognized as revenue when all eligibility requirements have been met. Expenditures are recorded when the related fund liability is incurred. However, expenditures for unmatured principal and interest on general long-term debt are recognized when due; and certain compensated absences, claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Major Governmental Funds

General Fund - the general operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Revenues consist largely of local property taxes and state government aid.

This fund also includes student activity funds held and controlled by the District, under the direction of district personnel, and administrative involvement of the board of education.

Capital Projects Fund - accounts for the financial resources that are restricted, committed or assigned to be used for the acquisition or construction of, and/or additions to, major capital facilities.

Debt Service Fund - accounts for the financial resources, the use of which is restricted by Illinois School Code for the payment of principal and interest on long-term general obligation/capital appreciation debt of the governmental funds.

Transportation Fund - accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from local property taxes and state reimbursement grants.

Proprietary Fund

Insurance Fund - accounts for the District's self-insured health plan for employees and other benefits, funded by charges to the various departments of the District and by employee and retiree contributions.

Other Fund Types

Fiduciary Funds - account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and/or other governments, including for tax assessments, UNICEF/ Special Olympics fundraising, and Class funds.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

On-behalf payments (payments made by a third party for the benefit of the district, such as payments made by the state to the Teachers' Retirement System) have been recognized in the financial statements.

Property taxes, replacement taxes, certain state and federal aid, and interest on investments are susceptible to accrual. Other receipts become measurable and available when cash is received by the District and recognized as revenue at that time.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until earned.

The proprietary fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services. Operating expenses for proprietary funds include the cost of sales and services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Assets, Liabilities and Net Position or Equity

Deposits and Investments

State statutes authorize the District to invest in obligations of the U.S. Treasury, certain highly-rated commercial paper, corporate bonds, repurchase agreements, and the State Treasurer's Investment Pool. Investments are stated at fair value. Changes in fair value of investments are included as investment income.

Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". These amounts are eliminated in the governmental activities column in the statement of net position. Receivables are expected to be collected within one year.

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Property Tax Revenues

The District must file its tax levy resolution by the last Tuesday in December of each year. The District's 2022 levy resolution was approved during the November 29, 2022 board meeting. The District's property tax is levied each year on all taxable real property located in the District and it becomes a lien on the property on January 1 of that year. The owner of real property on January 1 in any year is liable for taxes of that year.

The tax rate ceilings are applied at the fund level. These ceilings are established by state law subject to change only by the approval of the voters of the District.

The Property Tax Extension Limitation Law (PTELL) limitation is applied in the aggregate to the total levy (excluding certain levies for the repayment of debt). PTELL limits the increase in total taxes billed to the lessor of 5% or the percentage increase in the Consumer Price Index (CPI) for the preceding year. The amount can be exceeded to the extent there is "new growth" in the District's tax base. The new growth consists of new construction, annexations and tax increment finance district property becoming eligible for taxation. The PTELL limits applicable to the 2022 and 2021 tax levies were 5.0% and 1.4%, respectively.

Property taxes are collected by the County Collector/Treasurer, who remits to the District its share of collections. Taxes levied in one year become due and payable in two equal installments: the first due on June 1 and the second due on September 1. Property taxes are normally collected by the District within 60 days of the respective installment dates.

The 2022 property tax levy is recognized as a receivable in fiscal 2023, net of estimated uncollectible amounts approximating 1% and less amounts already received. The District considers 50% of the 2022 levy, except for the debt service levy, to be used to finance operations in fiscal 2023. The District has determined that the remaining 50% of the 2022 levy and 100% of the debt service levy are to be used to finance operations in fiscal 2024 and have included a corresponding receivable as a deferred inflow of resources.

Personal Property Replacement Taxes

Personal property replacement taxes are first allocated to the Municipal Retirement / Social Security Fund, and the balance is allocated to the remaining funds at the discretion of the District.

Prepaid Items

Certain payments to vendors that reflect costs applicable to future accounting periods are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Capital Assets

Capital assets, which include land, construction in progress, buildings and improvements, equipment and vehicles are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial individual cost of more than \$5,000 and an estimated useful life greater than 1 year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Depreciation of capital assets is provided using the straight-line method over the following estimated useful lives:

<i>Assets</i>	<i>Years</i>
Land improvements	20-30
Buildings and improvements	5-30
Infrastructure	20-30
Recreation equipment and structures	10-30
Vehicles	3-10
Administrative equipment	5-7

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net assets that applies to future periods and will not be recognized as an outflow of resources (expense/expenditure) until that future time.

Compensated Absences

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Only benefits considered to be vested are disclosed in these statements.

All vested vacation and sick leave pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements, or are payable with expendable available resources.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Accumulated vacation and sick leave liabilities at June 30, 2023 are determined on the basis of current salary rates and include salary related payments.

Certified employees working less than 12 months a year do not earn vacation days; however, noncertified full-time employees earn vacation days which vest as they accrue.

All full-time employees receive various numbers of sick and personal days per year based on the collective bargaining agreements or policies in place. These days may accumulate to an unlimited number of days. These accumulated sick days may be paid in cash or may be applied to earn additional years of service under the retirement plans. The District has not recognized a fund liability in the governmental funds for the vested amount. However, this liability is recorded in the government-wide financial statements. Sick and personal days are reported as an expense and liability as it accrues in the government-wide statements.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the applicable bonds using the effective interest method. The balance at year end for premiums/discounts is shown as an increase or decrease in the liability section of the statement of net position.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

In the fund financial statements, governmental funds recognize bond premiums and discounts during the period incurred. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net assets that applies to future periods and therefore will not be recognized as an inflow of resources (revenue) until that future time.

Equity Classifications

Equity is classified as net position in the government-wide financial statements and displayed in three components:

Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less than any unspent debt proceeds.

Restricted net position - Consists of net position with constraints placed on its use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.

Unrestricted net position - All other net position that does not meet the definition of "restricted" or "net investment in capital assets."

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first and then unrestricted resources.

Equity is classified as fund balance in the fund financial statements and displayed in five components:

Nonspendable - includes amounts not in spendable form, such as inventory, or amounts required to be maintained intact legally or contractually (principal endowment) (e.g. inventory, pre-paid items, permanent scholarships).

Restricted - includes amounts constrained for a specific purpose by external parties (e.g. Debt Service, Capital Projects, State and Federal Grant Funds).

Committed - includes amounts constrained for a specific purpose by a government using its highest level of decision making authority, the Board of Education. This formal action (a resolution) must occur prior to the end of the reporting period, but the amount of the commitment, which will be subject to the constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Board of Education that originally created the commitment.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Assigned - includes general fund amounts constrained for a specific purpose by the Board of Education or by an official that has been delegated authority to assign amounts. The Board of Education has declared that the Board-appointed Treasurer may assign amounts for a specific purpose. The Board of Education may also take official action to assign amounts. Additionally, all remaining positive spendable amounts in governmental funds, other than the General Fund, that are neither restricted nor committed are considered assigned. Assignments may take place after the end of the reporting period.

Unassigned - includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended in the General Fund is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. In all other funds (Special Revenue, Debt Service, Capital Projects), assigned fund balance will be spent first, followed by committed fund balance, and then restricted fund balance.

The District has a formal minimum fund balance policy. For purposes of this policy, fund balance has been defined as the total fund balances of the General, Operations and Maintenance and Transportation funds. The district targets a fund balance percentage of not less than 25% of operating expenses (in those respective funds) measured on June 30th each year.

Governmental fund balances reported on the fund financial statements at June 30, 2023 are as follows:

The nonspendable fund balance in the General Fund and nonmajor funds is comprised of \$2,128,626 and \$324,954, respectively, for prepaid items. The assigned fund balance in the General Fund of \$1,544,760 is for student activity programs. The remaining restricted and assigned fund balances are for the purpose of the respective funds as described above in the Major Governmental Funds section.

Eliminations and Reclassifications

In the process of aggregating data for the government-wide financial statements, some amounts reported as interfund activity and balances were eliminated or reclassified. Interfund services provided and used are not eliminated in the process of consolidation.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Data

The budgeted amounts for the Governmental Funds are adopted on the modified accrual basis, which is consistent with accounting principles generally accepted in the United States of America.

The Board of Education follows these procedures in establishing the budgetary data reflected in the general purpose financial statements:

1. The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted and the proposed budget is available for inspection to obtain taxpayer comments.
3. Prior to September 30, the budget is legally adopted through passage of a resolution. By the last Tuesday in December, a tax levy resolution is filed with the county clerk to obtain tax revenues.
4. Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education, after following the public hearing process mandated by law.
5. Formal budgetary integration is employed as a management control device during the year for all governmental funds.
6. All budget appropriations lapse at the end of the fiscal year.

The budget amounts shown in the financial statements are as originally adopted because there were no amendments during the past fiscal year.

Excess of Expenditures over Budget

For the year ended June 30, 2023, expenditures exceeded budget in the Operations & Maintenance Fund and Fire Prevention & Life Safety Fund by \$2,897,346 and \$2,784,152, respectively. This excess was funded by additional revenue available in the same year. Timing of expenditures can cause a variance from year to year in the Operations & Maintenance Fund.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 3 - DEPOSITS AND INVESTMENTS

At year end, the District's cash and investments was comprised of the following:

	<i>Carrying Value</i>	<i>Statement Balances</i>	<i>Associated Risks</i>
Deposits	\$ 102,981,569	\$ 112,711,624	Custodial credit risk
U.S. Treasury securities	21,262,436	21,262,436	Custodial credit risk, interest rate risk
U.S. agency securities - implicitly guaranteed	70,653,128	70,653,128	Credit risk, custodial credit risk, concentration of credit risk, interest rate risk
State and local government bonds	103,208,715	103,208,715	Credit risk, custodial credit risk, concentration of credit risk, interest rate risk
Negotiable certificates of deposit	23,810,106	24,548,886	Credit risk, custodial credit risk, concentration of credit risk, interest rate risk
Corporate bonds	45,341,555	45,341,555	Credit risk, custodial credit risk, concentration of credit risk, interest rate risk
Petty cash	<u>600</u>	<u>-</u>	N/A
Total	<u>\$ 367,258,109</u>	<u>\$ 377,726,344</u>	
Reconciliation to financial statements			
Per statement of net position			
Cash and investments	\$ 365,548,863		
Student activity cash and investments	1,544,760		
Per statement of net position - fiduciary funds			
Cash and investments	<u>164,486</u>		
Total	<u>\$ 367,258,109</u>		

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The District's investments detailed in the interest rate risk table below are measured using the market valuation method and Level 2 valuation inputs.

<i>Investment Type</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
U.S. Treasury securities	\$ -	\$ 21,262,436	\$ -	\$ 21,262,436

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 3 - DEPOSITS AND INVESTMENTS - (CONTINUED)

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the value of an investment. The District's investment policy limits the maturities on its investment portfolio as follows: 1) Repurchase agreements must mature in less than 330 days, and 2) Short-term obligations of corporations must mature no later than 270 days from the date of purchase.

At year end, the District had the following investments:

	<i>Fair Value</i>	<i>Investment Maturity (In Years)</i>			
		<i>Less than one</i>	<i>1-5</i>	<i>6-10</i>	<i>More than 10</i>
U.S. Treasury securities	\$ 21,262,436	\$ 4,342,819	\$ 16,919,617	\$ -	\$ -
U.S. agency securities	70,653,128	56,763,745	3,800,990	10,088,393	-
State and local government bonds	103,208,715	10,545,889	55,619,674	36,261,917	781,235
Corporate bonds	45,341,555	12,655,985	32,685,570	-	-
Negotiable certificates of deposit	<u>23,810,106</u>	<u>4,111,781</u>	<u>18,462,010</u>	<u>1,236,315</u>	<u>-</u>
Total	<u>\$ 264,275,940</u>	<u>\$ 88,420,219</u>	<u>\$ 127,487,861</u>	<u>\$ 47,586,625</u>	<u>\$ 781,235</u>

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State Statutes limit the investments in commercial paper and corporate bonds to the top three ratings of two nationally recognized statistical rating organizations (NRSRO's). The District's investment policy limits investments in municipal bonds to those ranked in the four highest general classifications established by nationally recognized rating service.

As of June 30, 2023, the District's investments were rated as follows:

<i>Investment Type</i>	<i>Standard & Poor's</i>	<i>Moody's Investors Services</i>
U.S. agency securities	AA+	AAA
State and local government bonds	NR to AAA	NR to AAA
Corporate bonds	BBB+ to A+	A3 to A1
Negotiable certificates of deposit	Not rated	Not rated

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The District's investment policy limits the amount that the District may invest in short-term obligations of corporations to no more than one-third of the District's funds. There are no further limits on the amounts that may be invested in one issuer.

Custodial Credit Risk - Deposits. With respect to deposits, custodial credit risk refers to the risk that, in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy limits the exposure to deposit custodial credit risk by requiring all deposits in excess of FDIC insurable limits to be secured by collateral in the event of default or failure of the financial institution holding the funds. As of June 30, 2023, the bank balance of the District's deposit with financial institutions totaled \$112,711,624, all of which was collateralized or insured.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 3 - DEPOSITS AND INVESTMENTS - (CONTINUED)

Separate cash and investment accounts are not maintained for all District funds; instead, the individual funds maintain their invested and uninvested balances in the common checking and investment accounts, with accounting records being maintained to show the portion of the common account balance attributable to each participating fund.

Occasionally certain funds participating in the common bank accounts will incur overdrafts (deficits) in the account. The overdrafts result from expenditures that have been approved by the Board of Education.

NOTE 4 - CAPITAL ASSETS

Capital asset activity for the District for the year ended June 30, 2023 was as follows:

	<i>Beginning Balance</i>	<i>Increases</i>	<i>Decreases</i>	<i>Ending Balance</i>
<u>Capital assets not being depreciated:</u>				
Land	\$ 11,612,228	\$ 29,997	\$ 28,475	\$ 11,613,750
Construction in progress	<u>18,511,603</u>	<u>81,345,244</u>	<u>1,848,307</u>	<u>98,008,540</u>
Total capital assets not being depreciated	<u>30,123,831</u>	<u>81,375,241</u>	<u>1,876,782</u>	<u>109,622,290</u>

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023**NOTE 5 - LONG TERM LIABILITIES - (CONTINUED)**

During the year, the District issued \$59,330,000 in General Obligation Bonds with an average interest rate of 4.76% to advance refund \$66,790,000 of outstanding 2013 Series bonds with an average interest rate of 3.98%. The net proceeds were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2013 Series bonds. As a result, the 2013 Series bonds are considered to be defeased and the liability for those bonds has been removed from the Statement of Net Position.

The District advance refunded the 2013 Series bonds to reduce its total debt service payments over the next 10 years by \$7,460,000. This transaction resulted in an economic gain/loss (difference between the present values of the debt service payments on the old and new debt) of \$5,631,096.

Annual debt service requirements to maturity for general obligation bonds are as follows for governmental type activities:

	<i>Principal</i>	<i>Interest</i>	<i>Total</i>
2024	\$ -	\$ 5,654,833	\$ 5,654,833
2025	-	5,654,833	5,654,833
2026	-	5,654,833	5,654,833
2027	21,365,000	5,369,833	26,734,833
2028	24,060,000	4,511,441	28,571,441
2029 - 2033	57,170,000	13,662,537	70,832,537
2034 - 2035	<u>28,725,000</u>	<u>1,735,000</u>	<u>30,460,000</u>
Total	<u>\$ 131,320,000</u>	<u>\$ 42,243,310</u>	<u>\$ 173,563,310</u>

The District is subject to the Illinois School Code, which limits the amount of certain indebtedness to 13.8% of the most recent available equalized assessed valuation of the District. As of June 30, 2023, the statutory debt limit for the District was \$377,215,865, providing a debt margin of \$232,782,816.

Annual debt service requirements to maturity for capital appreciation bonds are as follows for governmental type activities:

	<i>Principal</i>	<i>Accretion</i>	<i>Net Capital Appreciation Bonds</i>
2024	\$ 10,095,000	\$ 1,203,289	\$ 8,891,711
2025	10,385,000	832,053	9,552,947
2026	10,680,000	417,447	10,262,553
2027	<u>3,600,000</u>	<u>93,118</u>	<u>3,506,882</u>
Total	<u>\$ 34,760,000</u>	<u>\$ 2,545,907</u>	<u>\$ 32,214,093</u>

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 6 - RISK MANAGEMENT

The District is exposed to various risks of loss related to employee health benefits; workers' compensation claims; theft of, damage to, and destruction of assets; and natural disasters. The District has purchased insurance from private insurance companies for general liability, workers' compensation and other coverages not included below. Premiums have been recorded as expenditures in the appropriate funds. There have been no significant reductions in insurance coverage from coverage in the prior years. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three years.

The District is self-insured for medical and dental coverage that is provided to District personnel. A third party administrator administers claims for a monthly fee per participant. Expenditures are recorded as incurred in the form of direct contributions from the District to the third party administrator for payment of employee health claims and administration fees. The District's liability will not exceed \$350,000 per employee, as provided by stop-loss provisions incorporated in the plan.

At June 30, 2023, total unpaid claims, including an estimate of claims that have been incurred but not reported to the administrative agent, totaled \$6,329,769. The estimates are developed based on reports prepared by the administrative agent. The District does not allocate overhead costs or other nonincremental costs to the claims liability. For the two years ended June 30, 2022 and June 30, 2023, changes in the liability reported in the General Fund for unpaid claims are summarized as follows:

	<i>Claims Payable Beginning of Year</i>	<i>Current Year Claims and Changes in Estimates</i>	<i>Claims Payments</i>	<i>Claims Payable End of Year</i>
Fiscal Year 2022	<u>\$ 7,897,306</u>	<u>\$ 57,931,019</u>	<u>\$ 58,531,762</u>	<u>\$ 7,296,563</u>
Fiscal Year 2023	<u>\$ 7,296,563</u>	<u>\$ 56,601,769</u>	<u>\$ 57,568,563</u>	<u>\$ 6,329,769</u>

The District is also self-insured for unemployment compensation on the first \$625,000 of each occurrence. A third party administrator administers the plan for a fixed fee. Payments are made to the third party administrator based on actual claims filed and approved. No liability has been accrued for unemployment claims since the District has estimated that the liability at June 30, 2023, if any, would be insignificant.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS

Teachers' Health Insurance Security

Plan Description. The District participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: <http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>. The current reports are listed under "Central Management Services."

Benefits Provided. The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

On Behalf Contributions to THIS Fund. The State of Illinois makes employer retiree health insurance contributions on behalf of the District. State contributions are intended to match contributions to THIS Fund from active members which were 0.90% of pay during the year ended June 30, 2023. State of Illinois contributions were \$1,684,529, and the District recognized revenues and expenditures of this amount during the year in the General Fund based on the current financial resources measurement basis. On the economic resources measurement basis, the District recognizes revenue and expenses of (\$27,266,718) in Governmental Activities equal to the proportion of the State of Illinois's OPEB expense associated with the employer.

Contributions. The District also makes contributions to THIS Fund. The District's THIS Fund contribution was 0.67% during the year ended June 30, 2023. The percentage of employer required contributions in the future will not exceed 105% of the percentage of salary actually required to be paid in the previous fiscal year. For the year ended June 30, 2023, the District paid \$1,254,038 to the THIS Fund, which was 100 percent of the required contribution for the year.

THIS Fiduciary Net Position. Detailed information about the THIS Fund's fiduciary net position as of June 30, 2022 is available in the separately issued THIS Annual Financial Report.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

Net OPEB Liability. At June 30, 2023, the District reported a liability for its proportionate share of the net OPEB liability (first amount shown below) that reflected a reduction for the state's retiree insurance support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net OPEB liability, the related state support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collection net OPEB liability	\$ 43,631,583
State's proportionate share of the collective net OPEB liability associated with the District	<u>59,356,476</u>
Total	<u>\$ 102,988,059</u>

The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability was determined by an actuarial valuation as of June 30, 2021 rolled forward to June 30, 2022. The District's proportion of the net OPEB liability was based on the District's share of contributions to THIS for the measurement year ended June 30, 2022, relative to the projected contributions of all participating THIS employers and the state during that period. At June 30, 2022 and 2021, the District's proportion was 0.637343% and 0.649504%, respectively.

Actuarial Assumptions. The net OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25%
Salary Increases	3.50% to 8.50%
Investment Rate of Return	2.75%
Healthcare Cost Trend Rates - Initial	Medicare and Non-Medicare - 8.00%
Healthcare Cost Trend Rates - Ultimate	4.25%
Fiscal Year the Ultimate Rate is Reached	2039

Mortality rates were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS experience. For disabled annuitants, mortality rates were based on the RP-Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

Discount Rate. At June 30, 2022, the discount rate used to measure the total OPEB liability was a blended rate of 3.69%, which was a change from the June 30, 2021 rate of 1.92%. Since THIS is financed on a pay-as-you-go basis, the discount rate is based on the 20-year general obligation bond index.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate. The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.69%) or 1-percentage-point higher (4.69%) than the current discount rate:

	1% Decrease	Current Discount Rate	1% Increase
Net OPEB Liability	<u>\$ 48,482,388</u>	<u>\$ 43,631,583</u>	<u>\$ 38,632,466</u>

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate. The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage-point lower (initial rate of 7.00% decreasing to an ultimate rate of 3.25%) for Medicare and non-Medicare coverage or 1-percentage-point higher (initial rate of 9.00% decreasing to an ultimate rate of 5.25%) for Medicare and non-Medicare coverage than the current healthcare cost trend rate:

	1% Decrease	Healthcare Cost Trend Rate	1% Increase
Net OPEB Liability	<u>\$ 36,863,601</u>	<u>\$ 43,631,583</u>	<u>\$ 51,043,691</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. For the year ended June 30, 2023, the District recognized OPEB expense of \$(19,616,350) and on-behalf revenue and expenditures of \$1,684,529 for support provided by the state. At June 30, 2023, the District's deferred outflows of resources and deferred inflows of resources related to OPEBs were from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ -	\$ 28,537,200
Changes in Assumptions	39,361	107,627,507
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	5,302	-
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	6,656,679	11,190,138
District Contributions Subsequent to the Measurement Date	<u>1,254,038</u>	<u>-</u>
Total	<u>\$ 7,955,380</u>	<u>\$ 147,354,845</u>

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net OPEB liability for the year ending June 30, 2024. The remaining amounts reported as deferred outflows and inflows of resources related to OPEB (\$140,653,503) will be recognized in OPEB expense as follows in these reporting years:

Year Ending June 30,	Amount
2024	\$ (17,939,848)
2025	(17,939,848)
2026	(17,939,848)
2027	(17,939,850)
2028	(17,941,174)
Thereafter	<u>(50,952,935)</u>
Total	<u>\$ (140,653,503)</u>

AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

District OPEB Plan

Plan Description. The District administers a single-employer defined benefit healthcare plan ("the District OPEB Plan"). The plan provides for eligible retirees and their spouses through the District's which covers both active and retired members. Benefit provisions are established through collective bargaining agreements and state that eligible retirees and their spouses at established contribution rates. The District OPEB Plan does not issue a publicly available financial report.

Contributions and Benefits Provided. Benefit provisions are established through collective bargaining agreements and state that eligible retirees and their spouses can participate at established contribution rates. The District subsidizes a portion of the retiree contribution for eligible retirees until reaching age 65.

Employees Covered by Benefit Terms. At July 1, 2022, the actuarial valuation date, the following employees were covered by the benefit terms:

Retired Plan Members	459
Active Employees Not Yet Eligible	2,402
Active Employees Fully Eligible	<u>410</u>
Total	<u><u>3,271</u></u>

Total OPEB Liability. The District's total OPEB liability of \$32,584,207 was measured as of June 30, 2023, and was determined by an actuarial valuation as of July 1, 2022.

Inflation	2.25%
Discount Rate	3.65%
Healthcare Cost Trend Rate - Initial	6.00%
Healthcare Cost Trend Rate - Ultimate	3.94%
Fiscal Year the Ultimate Rate is Reached	2076

The discount rate was based on 20-year municipal bond yield at June 30, 2023.

Mortality rates were based on the PubT-2010 Healthy Mortality Tables improved generationally using MP-2020 Improvement Rates, weighted per TRS Experience Study Report dated September 30, 2021, for TRS participants and the PubG-2010(B) Healthy Mortality Tables improved generationally using MP-2020, weighted per IMRF Experience Study Report dated December 14, 2020, for IMRF participants.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of the estimates of future events.

NOTE 7 - OTHER POST-EMPLOYMENT BENEFITS - (CONTINUED)

The amounts reported as deferred outflows and inflows of resources related to OPEB (\$9,578,911)) will be recognized in OPEB expense as follows:

<i>Year Ending June 30,</i>	<i>Amount</i>
2024	\$ (3,265,586)
2025	(3,366,760)
2026	(3,178,709)
2027	(838,304)
2028	(240,036)
Thereafter	<u>1,310,484</u>
Total	<u>\$ (9,578,911)</u>

Aggregate OPEB Expense

For the year ended June 30, 2023, the District recognized aggregate OPEB expense of (\$20,155,551).

NOTE 8 - EARLY RETIREMENT INCENTIVES

The District offered two early retirement incentive plans. The first plan began in June 1989 and the District offered an early retirement plan to all employees covered by the collective bargaining agreement with the Rockford Education Association. The plan offered a \$3,000 early retirement bonus and a lifetime retirement supplement, with no right of survivorship, of \$150 per month. The District also offered postretirement health care benefits to those who elected the above described early retirement plan.

In July 1991, the second retirement plan was offered by the District to all employees covered by the collective bargaining agreement with the Rockford Education Association. The plan offered a lifetime benefit, payable monthly, in the amount of \$60 times creditable years of service divided by 12 with the maximum of 30 years of service.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2023 actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions used a discount rate of 3.65%, The underlying index used is the Bond Buyer 20-Bond G.O. Index. The rate has been updated to the current Fiscal Year-End based on changes in market conditions as reflected in the index. The rate selected is as of June 30, 2023, and is the most recent rate available prior to the Measurement Date. The mortality rates used are from the PubT-2010 Mortality Tables improved generationally using Scale MP-2020, weightier per TRS Experience Study Report dated September 30, 2021. The benefits apply to a closed group of retired participants.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS

The retirement plans of the District include the Teachers' Retirement System of the State of Illinois (TRS) and the Illinois Municipal Retirement Fund (IMRF). Most funding for TRS is provided through employer contributions on behalf of employees and contributions made by the State of Illinois on-behalf of the District. IMRF is funded through employee payroll withholdings, employer contributions and a perpetual lien of the District's corporate personal property replacement tax. Each retirement system is discussed below.

Teachers' Retirement System

Plan Description. The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active nonannuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <https://www.trsil.org/financial/acfrs/fy2022>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided. TRS provides retirement, disability, and death benefits. *Tier 1* members have TRS or reciprocal system service prior to January 1, 2011. *Tier 1* members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for *Tier 2* are identical to those of *Tier 1*. Death benefits are payable under a formula that is different from *Tier 1*.

Essentially all *Tier 1* retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. *Tier 2* annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional *Tier 3* hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring *Tier 1* members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested *Tier 1* and *2* members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Contributions. The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2023 was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the District, is submitted to TRS by the District. The District currently pays the active member contributions on behalf of the employees.

On Behalf Contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2023, State of Illinois contributions recognized by the District were based on the state's proportionate share of with the pension expense associated with the District, and the District recognized revenue and expenses of \$98,213,535 in governmental activities based on the economic resources measurement basis and revenues and expenditures in the amount of \$89,115,847 in the General Fund based on the current financial resources measurement basis.

2.2 Formula Contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2023, were \$1,085,069, and are deferred because they were paid after the June 30, 2022 measurement date.

Federal and Special Trust Fund Contributions. When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total District normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2023, the District pension contribution was 10.49 percent of salaries paid from federal and special trust funds. Contributions for the year ended June 30, 2023, were \$1,366,009, which was equal to the District's required contribution. These contributions are deferred because they were paid after the June 30, 2022 measurement date.

Salary increases over 6 percent. The District is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. For the year ended June 30, 2023, the District paid \$348,248 to TRS for employer contributions due on salary increases in excess of 6 percent.

TRS Fiduciary Net Position. Detailed information about the TRS's fiduciary net position as of June 30, 2022 is available in the separately issued TRS Annual Comprehensive Financial Report.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Net Pension Liability. At June 30, 2023, the District reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for state pension support provided to the District. The state's support and total are for disclosure purposes only. The amount recognized by the District as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 14,413,900
State's proportionate share of the collective net pension liability associated with the District	<u>1,250,310,384</u>
Total	<u>\$ 1,264,724,284</u>

The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021, and rolled forward to June 30, 2022. The District's proportion of the net pension liability was based on the District's share of contributions to TRS for the measurement year ended June 30, 2022, relative to the projected contributions of all participating TRS employers and the state during that period. At June 30, 2022 and 2021, the District's proportion was 0.01719208 percent and 0.01879615 percent, respectively.

Summary of Significant Accounting Policies. For purposes of measuring the collective net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of TRS and additions to/deductions from TRS fiduciary net position have been determined on the same basis as they are reported by TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Actuarial Assumptions. The assumptions used to measure the total pension liability in the June 30, 2022 actuarial valuation included (a) 7.00% investment rate of return net of pension plan investment expense, including inflation, (b) projected salary increases varies by amount of service credit, and (c) inflation of 2.5%.

Mortality. The assumed mortality rates are based on the Society of Actuaries PubT-2010 mortality tables, adjusted for TRS experience, with generational improvement based on Scale MP-2020. The actuarial assumptions used were based on the results of an experience study dated August 12, 2021.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Long-Term Expected Real Rate of Return. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

<i>Asset Class</i>	<i>Target Allocation</i>	<i>Long-Term Expected Real Rate of Return</i>
U.S. equities large cap	16.30 %	5.73 %
U.S. equities small/mid cap	1.90 %	6.78 %
International equities developed	14.10 %	6.56 %
Emerging market equities	4.70 %	8.55 %
U.S. bonds core	6.90 %	1.15 %
Cash equivalents	1.20 %	(0.32)%
TIPS	0.50 %	0.33 %
International debt developed	1.20 %	6.56 %
Emerging international debt	3.70 %	3.76 %
Real estate	16.00 %	5.42 %
Private debt	12.50 %	5.29 %
Hedge funds	4.00 %	3.48 %
Private equity	15.00 %	10.04 %
Infrastructure	2.00 %	5.86 %

Discount Rate. At June 30, 2022, the discount rate used to measure the total pension liability was a blended rate of 7.00 percent, which was the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2022 was projected to be available to make all projected future benefit payments of current active and inactive members and all benefit recipients. *Tier 1's* liability is partially funded by *Tier 2* members, as the *Tier 2* member contribution is higher than the cost of *Tier 2* benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Discount Rate Sensitivity. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
District's proportionate share of the collective net pension liability	<u>\$ 17,628,328</u>	<u>\$ 14,413,900</u>	<u>\$ 11,748,388</u>

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended June 30, 2023, the District recognized pension expense of \$(5,533,855) and on-behalf revenue of \$98,213,535 for support provided by the state. At June 30, 2023, the District's deferred outflows of resources and deferred inflows of resources related to pensions were from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 28,972	\$ 79,472
Net difference between projected and actual earnings on pension plan investments	13,186	-
Assumption changes	66,462	27,520
Changes in proportion and differences between District contributions and proportionate share of contributions	-	5,265,734
District contributions subsequent to the measurement date	<u>2,451,078</u>	<u>-</u>
Total	<u>\$ 2,559,698</u>	<u>\$ 5,372,726</u>

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liability for the year ending June 30, 2024. The remaining amounts reported as deferred outflows and inflows of resources related to pensions (\$(5,264,106)) will be recognized in pension expense as follows:

Year Ending June 30,	Amount
2024	\$ (3,897,562)
2025	(535,567)
2026	(576,892)
2027	(148,411)
2028	<u>(105,674)</u>
Total	<u>\$ (5,264,106)</u>

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Illinois Municipal Retirement Fund

Plan Description. The District's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer pension plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained on-line at www.imrf.org.

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Public Act 96-0889 created a second tier for IMRF's Regular Plan. IMRF assigns a benefit tier to a member when he or she is enrolled in IMRF. The tier is determined by the member's first IMRF participation date. If the member first participated in IMRF before January 1, 2011, they participate in *Regular Tier 1*. If the member first participated in IMRF on or after January 1, 2011, they participate in *Regular Tier 2*.

For *Regular Tier 1*, pension benefits vest after eight years of service. Participating members who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under *Regular Tier 1*, the pension is increased by 3% of the original amount on January 1 every year after retirement. For *Regular Tier 2*, pension benefits vest after ten years of service. Participating members who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under *Regular Tier 2*, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of 3% of the original pension amount, or 1/2 of the increase in the Consumer Price Index of the original pension amount. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Plan Membership. At December 31, 2022, the measurement date, membership of the plan was as follows:

Retirees and beneficiaries	1,510
Inactive, non-retired members	1,583
Active members	1,404
Total	<u><u>4,497</u></u>

Contributions. As set by statute, District employees participating in IMRF are required to contribute 4.50 percent of their annual covered salary. The statute requires the District to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's actuarially determined contribution rate for calendar years 2021 and 2022 were 5.81 percent and 4.02 percent, respectively of annual covered payroll. The District also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Net Pension Liability/(Asset). The net pension liability/(asset) was measured as of December 31, 2022, and the total pension liability used to calculate the net pension liability/(asset) was determined by an annual actuarial valuation as of that date.

Summary of Significant Accounting Policies. For purposes of measuring the net pension liability/(asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of IMRF and additions to/deductions from IMRF fiduciary net position have been determined on the same basis as they are reported by IMRF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Actuarial Assumptions. The assumptions used to measure the total pension liability in the December 31, 2022 annual actuarial valuation included (a) 7.25% investment rate of return, (b) projected salary increases from 2.85% to 13.75%, and (c) price inflation of 2.25%. The retirement age is based on experience-based table of rates that are specific to the type of eligibility condition. The tables were last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.

Mortality. For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020 were used. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020 were used.

Long-Term Expected Real Rate of Return. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Projected Returns/Risk	
		One Year Arithmetic	Ten Year Geometric
Equities	35.50 %	7.82 %	6.50 %
International equities	18.00 %	9.23 %	7.60 %
Fixed income	25.50 %	5.01 %	4.90 %
Real estate	10.50 %	7.10 %	6.20 %
Alternatives	9.50 %		
Private equity		13.43 %	9.90 %
Hedge funds		-	-
Commodities		7.42 %	6.25 %
Cash equivalents	1.00 %	4.00 %	4.00 %

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Discount Rate. The discount rate used to measure the total pension liability for IMRF was 7.25%, the same rate as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that District contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits payments to determine the total pension liability.

Discount Rate Sensitivity. The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the pension liability of the District calculated using the discount rate of 7.25% as well as what the net pension liability/(asset) would be if it were to be calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
Total pension liability	\$ 290,924,836	\$ 262,979,989	\$ 240,384,278
Plan fiduciary net position	<u>247,494,659</u>	<u>247,494,659</u>	<u>247,494,659</u>
Net pension liability/(asset)	<u>\$ 43,430,177</u>	<u>\$ 15,485,330</u>	<u>\$ (7,110,381)</u>

Changes in Net Pension Liability/(Asset). The District's changes in net pension liability/(asset) for the calendar year ended December 31, 2022 was as follows:

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability/ (Asset) (a) - (b)
Balances at December 31, 2021	\$ 253,007,861	\$ 300,632,677	\$ (47,624,816)
Service cost	4,425,782	-	4,425,782
Interest on total pension liability	17,916,238	-	17,916,238
Differences between expected and actual experience of the total pension liability	3,830,571	-	3,830,571
Benefit payments, including refunds of employee contributions	(16,200,463)	(16,200,463)	-
Contributions - employer	-	3,031,064	(3,031,064)
Contributions - employee	-	2,270,574	(2,270,574)
Net investment income	-	(40,299,791)	40,299,791
Other (net transfer)	<u>-</u>	<u>(1,939,402)</u>	<u>1,939,402</u>
Balances at December 31, 2022	<u>\$ 262,979,989</u>	<u>\$ 247,494,659</u>	<u>\$ 15,485,330</u>

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 9 - RETIREMENT SYSTEMS - (CONTINUED)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. For the year ended June 30, 2023, the District recognized pension expense of \$6,784,659. The District's deferred outflows and inflows of resources related to pension were from the following sources:

	<i>Deferred Outflows of Resources</i>	<i>Deferred Inflows of Resources</i>
Differences between expected and actual experience	\$ 3,187,089	\$ -
Net difference between projected and actual earnings on pension plan investments	20,359,971	-
Contributions subsequent to the measurement date	<u>1,273,428</u>	<u>-</u>
Total	<u>\$ 24,820,488</u>	<u>\$ -</u>

The amount reported as deferred outflows resulting from contributions subsequent to the measurement date in the above table will be recognized as a reduction in the net pension liability/(asset) for the year ending June 30, 2024. The remaining amounts reported as deferred outflows and inflows of resources related to pensions (\$23,547,060) will be recognized in pension expense as follows:

<i>Year Ending June 30,</i>	<i>Amount</i>
2024	\$ 45,830
2025	4,324,466
2026	6,850,710
2027	<u>12,326,054</u>
Total	<u>\$ 23,547,060</u>

NOTE 10 - CONSTRUCTION COMMITMENTS

As of June 30, 2023, the District is committed to approximately \$68,350,515 in expenditures in the upcoming years for various construction projects. These expenditures will be paid through the available fund balances and grant funding.

NOTE 11 - CONTINGENT LIABILITIES

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorneys, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

NOTE 12 - STATE AND FEDERAL AID CONTINGENCIES

The District has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under the terms of the grants. Management believes such disallowance, if any, would be immaterial.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO BASIC FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

NOTE 13 - RELATED PARTIES

During fiscal year 2023, the District entered into contracts with Stenstrom Companies, Ltd. for excavation and general contractor services. The Superintendent of the District is related to a member of Stenstrom's management. The District paid Stenstrom \$4,176,494 for services during fiscal year ended June 30, 2023.

Included in accounts and retainage payable are amounts owed to Stenstrom Companies, Ltd for excavating and general contractor expenses totaling \$4,571,081 as of June 30, 2023.

NOTE 14 - EFFECT OF NEW ACCOUNTING STANDARDS ON CURRENT-PERIOD FINANCIAL STATEMENTS

The Governmental Accounting Standards Board (GASB) has approved GASB Statement No. 99, *Omnibus 2022*, GASB Statement No. 100, *Accounting Changes and Error Corrections an amendment of GASB Statement No. 62*, and GASB Statement No. 101, *Compensated Absences*.

When they become effective, application of these standards may restate portions of these financial statements.

Covered payroll	\$ 38,777,448	\$ 38,031,349	\$ 38,047,075	\$ 37,738,144	
Contributions as a percentage of covered payroll	9.16%	9.26%	9.92%	10.29%	

Notes to Schedule:

The District implemented GASB Statement No. 68 in fiscal year 2015. Information prior to fiscal year 2015 is not available.

Valuation date:

Actuarially determined contribution rates are calculated as of December 31 each year, which are 6 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Aggregate Entry age normal
Amortization method	Level percentage of payroll, closed
Remaining amortization period	21 years
Asset valuation method	5-Year Smoothed Market, 20% corridor
Inflation	2.75%
Salary increases	2.25%
Investment rate of return	2.85% to 13.75%, including inflation
Retirement Age	7.25%
Mortality	Experience-based table of rates that are specific to the type of eligibility condition MP-2020

Other information:

There were no benefit changes during the year.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION AS OF AND FOR THE YEAR ENDED JUNE 30, 2023

STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Data

The budgeted amounts for the Governmental Funds are adopted on the modified accrual basis, which is consistent with accounting principles generally accepted in the United States of America.

The Board of Education follows these procedures in establishing the budgetary data reflected in the general purpose financial statements:

1. The Administration submits to the Board of Education a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted and the proposed budget is available for inspection to obtain taxpayer comments.
3. Prior to September 30, the budget is legally adopted through passage of an resolution. By the last Tuesday in December, a tax levy resolution is filed with the county clerk to obtain tax revenues.
4. Management is authorized to transfer budget amounts, provided funds are transferred between the same function and object codes. The Board of Education is authorized to transfer up to a legal level of 10% of the total budget between functions within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Education, after following the public hearing process mandated by law.
5. Formal budgetary integration is employed as a management control device during the year for all governmental funds.
6. All budget appropriations lapse at the end of the fiscal year.

The budget amounts shown in the financial statements are as originally adopted because there were no amendments during the past fiscal year.

SUPPLEMENTARY INFORMATION

**SCHEDULE OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES -
OPERATING FUNDS**

OPERATING FUNDS

GENERAL FUND

General Fund - The general operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Revenues consist largely of local property taxes and state government aid. The General Fund is comprised of the following account groups:

Educational Account – This is effectively the District's general fund, each transaction not accommodated by another specific fund shall be processed through this account group.

Working Cash Account – Accounts for financial resources held by the District to be used as temporary interfund loans for working capital requirements. As allowed by the School Code of Illinois, this fund may be permanently abolished and become part of the Educational Account or it may be partially abated to other funds of the District.

SPECIAL REVENUE FUNDS

Operations and Maintenance Fund – Accounts for expenditures made for repair and maintenance of the District's building and land. Revenue consists primarily of local property taxes.

Transportation Fund – Accounts for all revenue and expenditures made for student transportation. Revenue is derived primarily from local property taxes and state reimbursement grants.

SUPPLEMENTARY INFORMATION

**GENERAL FUND ACCOUNTS – SCHEDULE OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES – BUDGET TO ACTUAL**

GENERAL FUND

General Fund - The general operating fund of the District. It accounts for all financial resources except those required to be accounted for in another fund. This fund is primarily used for most of the instructional and administrative aspects of the District's operations. Revenues consist largely of local property taxes and state government aid. The General Fund is comprised of the following account groups:

Educational Account – This is effectively the District's general fund, each transaction not accommodated by another specific fund shall be processed through this account group.

Working Cash Account – Accounts for financial resources held by the District to be used as temporary interfund loans for working capital requirements. As allowed by the School Code of Illinois, this fund may be permanently abolished and become part of the Educational Account or it may be partially abated to other funds of the District.

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

Combining Balance Sheet

SUPPLEMENTARY INFORMATION

NON-MAJOR FUNDS SCHEDULES

NON-MAJOR FUNDS

SPECIAL REVENUE FUNDS

Operations and Maintenance Fund – Accounts for expenditures made for repair and maintenance of the District's building and land. Revenue consists primarily of local property taxes.

Municipal Retirement / Social Security Fund – Accounts for the District's portion of pension contributions to the Illinois Municipal Retirement Fund, payments to Medicare, and payments to the Social Security System for non-certified employees. Revenue to finance the contributions is derived primarily from local property taxes and corporate personal property replacement taxes.

Tort Immunity Fund – Accounts for all revenue and expenditures related to the prevention of tort liability. Revenue is derived primarily from local property tax collections and investment income.

CAPITAL PROJECT FUND

Fire Prevention and Life Safety Fund – Accounts for State-approved life safety projects financed through property taxes levied specifically for such purposes.

STATISTICAL

SECTION

AS OF/FOR THE YEAR
ENDED **JUNE 30, 2023**

ROCKFORD PUBLIC SCHOOLS DISTRICT NO. 205

Statistical Section
Table of Contents
June 30, 2023

The information in this section is not covered by the Independent Auditors' Report, but is presented as supplemental data for the benefit of the readers of the annual comprehensive financial report. The objectives of statistical section information are to provide financial statement users with additional historical perspective, context and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to better understand and assess the District's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	
These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.	102 - 115
Revenue Capacity	
These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.	116 - 119
Debt Capacity	
These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future.	120 - 123
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within the District's financial activities take place.	124 - 125
Operating Information	
These schedules contain information about the District's service and resources to help the reader understand how the District's financial information relates to the services the Government provides and the activities it performs.	126 - 130

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

Notes:

1. In 2014, net position decreased due to the expense of \$41.3 million of capital projects.
2. Beginning in 2015, the District implemented GASB 68 which resulted in the inclusion of a net pension liability.
3. Beginning in 2018, the District implemented GASB 75 which resulted in the inclusion of a total OPEB liability.
4. In 2015, the Food Services Proprietary Fund was reclassified as a subaccount of the General Fund as user fees did not support fund expenditures.

District direct debt	<u>142,984,494</u>		100.00%	<u>142,984,494</u>
Total Direct Debt and Overlapping Debt	<u>\$ 490,505,143</u>			<u>\$ 408,374,350</u>

Notes:

(1) Excludes principal amounts of outstanding General Obligation (Alternate Revenue Source) Bonds which are expected to be paid from sources other than general taxation.

(2) Includes original principal amounts of outstanding General Obligation Capital Appreciation Bonds.

(3) Excludes self-supporting bonds for which an abatement is filed annually.

Note: The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the District's taxable assessed value that is within the government's boundaries and dividing it by the District's total taxable assessed value.
